Our First-Quality Finished Stock Lenses

A Guide to Our Popular AR Coatings

	GOOD	BETTER	BEST
	Triumph Anti-Reflection Coating	Crizal Live Life in the Clear™	Synergy
	Crizal	Crizal ALIZÉ	Synergy CRYSTAL
	Crizal	Crizal	Crizal AVANCÉ™ with SCOTCHGARD
	Standard AR	Hydrophobic AR	Super Hydrophobic/Oleophobic AR with a Pad Control System for edging without slippage
House Coatings	Triumph House brand, value-priced five layer AR coating.	Synergy House brand, quality hydrophobic AR coating with a 104° contact angle.	Synergy Crystal House brand, superior super-hydrophobic/oleophobic AR coating. Includes a BLUE-GREEN temporary top coating for edging ease.
Crizal Coatings (www.crizalusa.com)	Crizal Crizal lenses are created with a state-of-the art, 8-step manufacturing process that fuses 2-sided scratch resistance with anti-reflective properties.	Crizal Alize The enhanced cleanability of New and Improved Crizal Alizé lenses is enabled by Essilor's exclusive High Surface Density™ (HSD) Process so glasses stay smudge-free. Includes a BLUE temporary top coating for edging ease.	Crizal Avancé with Scotchgard Crizal Avancé™ is the most scratch-resistant No-Glare lens on the market. Crizal Avancé lenses with Scotchgard Protector also eliminates smudge, dust, and fingerprints too! Includes a BLUE temporary top coating for edging ease.

PROTECT

90% of consumers know the sun can damage their skin; only 5% know it can damage their eyes.

Clear (Indoors/Night)

Mid-tint (Outdoors/Mid-sunlight)

Dark (Outdoors/Bright sunlight)

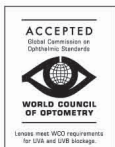

Help your patients see better today and tomorrow.

Live Your Vision. At Transitions Optical, we're committed to doing all we can to help you live your vision. That includes helping you provide your patients with the best vision care possible, as well as helping your business thrive.

It's important to remind patients that Transitions® lenses are convenient, everyday lenses that are clear indoors and at night. Outdoors, they automatically darken and adjust to changing light to reduce glare. They also provide UV400 protection and help protect your patients' eyes from 100% of UVA and UVB rays—so they can protect their eyes like sunblock protects their skin.

Live Your Vision. Help your patients achieve and enjoy healthy sight. And recommend Transitions lenses today.

Are your Super Hydrophobic AR lenses too slippery to edge?

Our premium AR coatings offer a **temporary top layer** to make edging a cinch!

Shore 1.74
LENS COMPANY

with

Clear EZ Edge System

Pad Control System

Included with this Super Hydrophobic/Oleophobic-ARC is a **clear** EZ Edge System (EZES) temporary top coating layer. You can edge the job in-house without fear of slippage. The EZ Edge System comes off when you remove the edging pad and wash it with warm water.

TRIO Wheels for Trivex

**For Any Edger,
Any Model,
Any Size!**

Most wheels are in-stock
and ship the same day.

Stock Lens Terms and Conditions

General Policy

This price list supercedes all previous lists, schedules and catalogs, and is effective as of August 1, 2010. Prices listed in this price list are subject to change without prior notice and orders are accepted subject to price prevailing at time of billing.

Returns and Credit

Merchandise returned for credit must be returned within 30 days of purchase date in original packaging accompanied by the original invoice, free from personal marking, and in resalable condition. Merchandise returned without original invoice will be subject to a \$5.00 handling fee.

- All returns will be subject to a 10% restocking fee.
- Uncoated lenses that are cut are not returnable for credit.
- Edged or dyed lenses cannot be returned for credit unless under warranty.
- All credit returns should be forwarded via a traceable delivery service. We do not accept responsibility for packages that are lost or mishandled by the carrier.
- OptiLenses.com reserves the right to deny credit for lenses sold with edging pads when the pads are not returned with the lenses.
- The inclusion of edging pads does not constitute a guarantee of production success.

Scratch Resistant Warranty

All scratch resistant coated lenses are covered under a Scratch Resistant Warranty for one year from the original date of invoice. This warranty applies to scratching, peeling, or crazing under normal use. Abused lenses or lenses scratched during processing are not covered. We will issue a one-time credit for the original lenses after you have purchased the replacement lenses with the following conditions:

RETURN CONDITIONS

- Both the original and replacement lenses must be of the same prescription.
- In order to receive credit, please return the following:
 1. Original invoice (to avoid \$5.00 handling fee)
 2. Invoice for the replacement lenses
 3. Original (damaged) lenses placed inside the replacement envelopes

Anti-Reflection Warranty

OptiLenses.com offers a coating warranty for all anti-reflective coated lenses. Lenses coated with Crizal®, Crizal Alizé®, Crizal Avancé with Scotchgard™ Protector, and Synergy™ Crystal are warranted for a two-year period. All other anti-reflective coated lenses are covered under a one-year warranty. The Anti-Reflection Warranty applies to scratching, peeling or crazing under normal use. Lenses that are abused, extremely scratched, chipped, broken or damaged during processing are not covered under this warranty.

We will issue a one-time credit for the original lenses after you have purchased the replacement lenses subject to the same conditions as the above Scratch Resistant Warranty RETURN CONDITIONS.

Overnight Shipping Policy

OptiLenses.com shipping fees (including free overnight shipping offer) are valid for the contiguous United States only. Standard UPS Air rates will apply to Alaska, Hawaii and Puerto Rico.
